What you should know about Bull Outdoor Products.

We started in the barbecue island business over 20 years ago. Since that time our business has grown and reached widespread prominence in the grilling industry. We pioneered the concept of outdoor kitchens and have dealers who sell the Bull brand in over 14 countries around the world. In order to serve the entire country quickly and effectively we now maintain complete inventory and production facilities in Rialto, California and Athens, Tennessee.

Bull is committed to providing our dealers and customers with premium products manufactured with the highest quality materials and features at a value price.

Our Award Winning Grills are designed, engineered, and master crafted to meet certifications from CSA and CE. Our customers can grill with confidence like professional chefs around the world.

Value – Our Grills and Outdoor Kitchens are loaded with the same features you might see on our competitors products for double the price.

Quality & Experience – We are a multimillion dollar company that is single-minded and focused on the BBQ industry. We manufacture and warehouse in two U.S. facilities.
